MR. CUMMINGS SPEAKS TO HIS NAVY-YARD RESOLUTION.

REPUBLICAN PARTY FOLICY SCORED.

Dictator Reed in Danger of Taking a Header from Power.

HE SAYS THE FORCE BILL MUST PASS.

Tariff in the Senate-District Matters. Significant Conference--- "No Work, No Pay," for Members.

In the House to day, after the transsetton of some temporary routine bustness, Mr. McKinley of Ohio, from the Committee on Rules, reported (as a substitute for the Cummings resolution) a resolution asking the Secretary of the Navy for the reasons for the increase of the force at the Kittery Navy-Yard.

In speaking to the resolution Mr. Cummings of New York said that he rose in defense of public morality and public law, which had been menaced by a high public official. The order in-creasing the force of the Kittery Navy-Yard looked as though the design was o use executive power for partisan pur-

He commented on the fact that cer-tain shops of the Kittery Navy-Yard had been burned in January, and that the chairman of the Committee on Naval Affairs (Mr. Boutelle) had appro-

pristed money for their repair in the Naval Appropriation bill.

He contended (and in support of this contention he quoted from remarks made by Senators Allison and Hiscock) that it was not in the interest of good government or economy in the Navy to reconstruct these shops. Despite the remarks of these two eminent Republican Senators, the Secretary of the Navy had ordered an increase of the force at the Kittery Yard to reconstruct the shops and to repair the Lancaster and Monongahela. Fifteen years ago a Re-publican Secretary of the Navy had stated that the Lancaster was not worthy of repair and that the Monon-gahela was in a tolerable condition, with a speed of 10) knots. (Laughter.) He referred to the great evil which would result from the introduction of politics into the navy-yards, and, going politics into the navy-yards, and, going back to the administration of the Navy Department by Secretary Robeson, he commented severely upon the action of that official in filling navy-yards with partisan friends just previous to Congressional elections. He charged that the Kittery yard was used for political actions.

tical purposes and quoted figures to show that previous to elections the list of employes fwas much larger than The majority of the men employed came from Maine, the State of Thomas Brockett Reed. He quoted at length from the testimony taken by the Whitthorne Commission in 1876 to show that the policy of the Republi-can party had been to use the navy yards to expedite political ends. This

policy was worse than the shot-gun In the Senate.

At the opening of the Senate it immediately proceeded to the consideration of the Tariff bill, the pending item being polished cylinder and crown glass in the glassware schedule.

Mr. Berry was the first speaker.

The committee room of the House District Committee is being overhauled to day. It is to have a new and fresh lay-out of desks, chairs, carpets and other paraphernalia incident to legislative deliberation.

Breckinridge to be Unscated, The House Elections Corn nittee had a quorum of Republican III inhers this morning. No Democrats attended. The report unseating Mr. C. P. Breckin-ridge of Arkansas was adopted. This action was forshadowed in THE CHITIC last Friday. Mr. Breckinridge's op-rozent being dead, a special election will have to be held. Mr. Breckta ridge will himself undoubtedly be renominated and returned, so that the Republicans will gain but a brief ad-vantage by the outrage they propose to

DOCK THEIR PAY.

TALK OF STOPPING THE PAY OF ABSENT REPRESENTATIVES. Major Holmes, Sergeant-at-Arms of the House, said to day that he had not yet received orders to dock absent members of their pay, but admitted that there is a great proba-bility that such a course may be taken if certain members, notorious in their absenterism, persist in absenting them-selves without leave, although protec-ting their votes with private pairs. This dockage will be the last resort

to compel attendance and secure and hold a quorum. It has not been en-forced for many years. In fact, no one connected with the House has any recollection that it has ever been en-

REED AND ADJOURNMENT.

READY TO HOLD ON TILL DECEMBER TO PASS THE PORCE BILL.

Some days ago it was rumored that Speaker Reed had said that unless the Senate passed the Federal Elections bill the House would not adopt any motion to adjourn the Senate might send to it. To day the Philadelphia Record published the statement that Mr. Reed, when asked when he thought

Congress would adjourn, said:
"If I have any influence with the liouse, and I think I have a little, the liouse will not adjourn till the Election bill has passed, not even if we have to all here till next December."

He is represented as being very much In carpest, and as saying this in the presence of two or three Congressions.

as well as the correspondent.

Will you tasks on the passage of the Lodge bill, or will a mostified measure and you, was asked. "The till will have to be acceptable far enough to stop the train.

to the House," was the Speaker's signi-

cant reply.

In view of recent speeches and declaparticularly yesterday, the Speaker ap-In attempting to dictate to the Senate, as well as to the House, the Speaker has undertaken a job greater than that ever assumed by any previous par-liamentary or political leader in Congress. The situation apparently favors it, in that there is no acknowledged undisputed leader of the majority in the Senate. Nevertheless the Republican Sepators are little likely to ac-cept as a londer, or rather dictator, a member of the House of Representanember of the House of Representa-tives. They will inavitably revolt against it, and when they do the would-be dictator will find himself pounding his bend against a stone wall.

In the meantime, the Senate rules can't be changed and the Force bill can't be passed, even with a majority in their favor, miless they are. As to alt ting until December the Senators can stand it better than the Representatives. Only one-third of them are to be reelected, and only a small proportion of that third are in any danger. Those who want to can absent themselves without the formality of asking leave. A prominent Democrat, when told of what the Speaker is said to have said,

"Reed can't prevent the House from adjourning. It will adjourn and he can't help himself."

A prominent Republican said it would be difficult to hold a quorum. The House might remain in session, but a quorum could only be had at intervals by sending for absent members. Altogether it looks as though Speaker Reed was in danger of taking a header

from the pinnacle of power to which he has climbed. IMPORTANT CONFERENCE.

QUAY THYING TO WHIP BECALCITRANT

SENATORS INTO LINE. A meeting was held at Senator Quay's house last night which may have great political aignificance. Among the attendants were Senator Plumb and other recalcitrants so far as the Tariff and Force bills are concerned. It is thought the purpose was to convince these gentlemen of the error of their ways and try to Influence them to reverse their views, or at least their votes so far as the tariff is concerned anyway. Indeed, it is claimed in some quarters that Mr. Quay is himself opposed to the Force bill.

IT'S TOO BAD,

The Police Wont Let the Negroes Do as They Please, There will be another Indignation meeting held by the colored people at the Second Baptist Church to night for the purpose of discussing recent outrages alleged to have been committed

by the police upon the negroes.

The cases more especially referred to are those of Officers Trammell and and Dyer. Trammell is an officer in the same precinct with Mr. Dean, and it is claimed that he brutally beat a colored gentleman named Bailey. A warrant was sworn out for assent warrant was sworn out for assault, which was noile prossed by District Attorney Armes. It is now proposed to have the case called up again and tried, and at the meeting to-night resolutions will be passed demanding

Officer Dyer will also have to ex-plain why he shot at an inoffensive olored man who was escaping through an alley with some stolen plunder in his possession. "These are neither of them Hutchinson cases," said a well-known colored attorney this morning. 'and you can bet the result will be

CANNOT GET A PENSION.

A Soldier Imprisoned by a Military Tribunal Forfeits His Claim. General B. F. Butler, recently in a pension case before the Interior Department, advanced an unusual argument. He appeared as counsel for a dependent mother, whose son died while serving a sentence in a military prison for theft, General Butier contended that the miliary commission that sentenced the sol Her was not established by a tribunal holding jurisdiction and that therefore the settlence was null and void. He claimed that a military commission could make no order, and said that in time of war a military commission is a board of officers appointed to investigate facts of alleged misconduct of pri-vate citizens or beiligerents.

Assistant Secretary Bussey decided hat a military commission has jurisover a certain class of offenses. and has both the power to try and sen-tence offenders. He rejected the appli-cation for pension and cited numerous authorities to sustain his action.

THE FLAGMEN AT FAULT.

Their Neglect Causes a Serious and Probably Futal Accident.

PLATISHURG, N. Y., Aug. 5,-A scrious accident occurred on the Delaware and Hudson Ruilroad about four miles . WILLIAM LES south of Port Kent yesterday morning. Two extra freight trains in charge of Conductors Long and Connors left here about noon. When one mile south of Pert Kent, Long's train broke in two. Conners' was closely following, and in ounding a sharp curve, some mile urther on crashed into the rear portion of the head train. The engine of Connors' train was completely demollshed

CAUGHT IN THE ACT.

Two Men Try to Go Through a House on Capitol Hill Officers Cotton and Granford arrested two hard-looking individuals last night as they were in the act of robbing the residence of E. P. Stocking, No. 205 A street scutheast. Mr. and Mrs. Stock-ing are away on their summer vacation and the house has been looked up for some time. The two men were caught in the act of ransacking the house, and when the officers appeared on the scene they had a trunk filled with clothing, sliverware and other things prepara-tery to removal. As the Fifth Precinct Station, where they were locked up, they gave the names of William Seymour and Henry Cilium.

Both men were measured at Police Hendquariers this morning and photy-graphed for the rogues' gallery. Later they were taken before Judge Mills in the Pelice Court, where they were charged with housebreaking and defended by Campbell Carrington. Both officers testified to finding a considerable amount of booty in the possession of the thieves, besides what was packed in the trunk. Judge Mills bound both over to the grand jury in \$1,000 hall

OBSTRUCTING TRAVEL

Complaints Made to the Police About the W. & G. Road. Complaint has been made at police headquarters that the Washington and Georgetown Rallway Company obstruct travel on Fourteenth street, between W and the Boundary, and people fre-quently have to wall for drivers to get their cars and horses out of the way. They make a practice of unbarnessing and changing their horses in the street, and there will frequently be half a dozen

teams there at a time, completely ob tracting travel. One of the citizens who made a comdaint thinks that the company ought be kept down to their charter rights asomuch as they do not seem inclined to give the people out in that section of the city the service they so much de-sire and have repeatedly asked for.

New Deputy Comptroller, Mr. Robert M. Nixon of New Castle, Henry County, Ind., has been designated as Deputy Comptroller of the Currency, Mr. Nixon is expected to arrive in the city soon. There appears to be ne doubt of his acceptance of the
